GERMANS RETREAT FROM FRENCH LINE

Fire Too Hot So They "Withdraw"—Russia Will Stay If We Stake Her To Money, And Other Supplies

The Germans have retreated from points along the historic Chemin des Dames on the Aisne front in France where for several months the French troops of General Petain have been keeping them sharply to task.

Just when the retrograde movement took place and how far it extends cannot yet be told as the German official communication announcing it merely says that the Teutons "unnoticed and undisturbed by the enemy systematically withdrew their lines from the hilly front in this region." The entire line to the north of the Aisne when last reported fighting was undulating in character from the Soissons sector east to the vicinity of Garonne and it is therefore impossible, from the very terse account of the withdrawal to delineate the terrain given up. Nevertheless it seems apparent that the Germans, tired of the terrible ordeal they were forced to undergo for some time from the French artillery and violent infantry attacks, have decided to fall back upon Laon, capital of the Department of the Aisne, which with its network of railways has been the quest of the French.

One Retreat May Call For Another

It is possible, and seemingly probable, that this withdrawal of the Germans will compel also the falling back of the German forces in the turn of the battle line in this region, running north to Saint Quentin, if indeed it does not affect German positions as far north as Arras.

On the Italian front the Austro-German and Italian armies are in combat along the middle and lower region of the Tagliamento river, with the Teuton forces on the east and General Cadorna's army on the west side of the stream. As far as is known, the enemy has not yet crossed the river, which is in freshet, but it seems apparent that from the Carnic Alps south of the first line to the head of the Adriatic the Italians are holding their new line of defense successfully.

Italy Swept With Patriotic Fervor

Meanwhile, with the Italian waiting for eventualities on the plains of the eastern Fruti, sentiment in Italy among all classes is sweeping into a patriotic fervor, even the old Garibaldian veterans and the men invalided home, as a result of injuries in the present war, desiring to rush back and lend their aid to repelling the invaders.

On the other fronts there is no fighting of importance. The British have carried out several minor operations for gains west of Passchendaele and southeast of Poelcapelle, in both of which prisoners were captured. To the east of Ypres the German guns have been busy violently shelling the British lines.

Russia Will Stay If She Gets Help

Although, according to the Russian premier, Russia is war worn and believes she has the right to claim that the Allies now should take the heaviest part of the bur-

den off her shoulders, the new republic has no intention of declaring herself out of the war. Help is greatly needed, especially of money and supplies, and these it is indicated will be forthcoming.

He appealed to the world to not lose its faith in the Russian revolution.

GERMAN SAILORS REVOLT; KILL THREE OFFICERS

London, Nov. 2.—Three officers and a number of sailors of the German navy were killed in "another" mutiny at Kiel, 12 September, according to a dispatch from Amsterdam to the Daily Express, which claims to have authentic details. The outbreak occurred aboard the battleship Kronprinz and Schleswig-Holstein and started when the men revolted against being drafted into the submarine service.

The sailors on the Kronprinz threw Admiral Schmidt overboard and stabbed and threw overboard Lieutenant Raul, the admiral's aide, and another officer. A battle on the ship's deck between the officers and sailors followed. Three officers and a number of sailors were killed. Similar scenes occurred on the Schleswig-Holstein.

Admiral Schmidt was rescued but it was necessary for him to leave Kiel. All the surviving mutineers were arrested.

The German battleship Kronprinz displaced 25,293 tons and was built in 1915. Her complement is 1150 men. The Schleswig-Holstein was completed in 1906 and measures 13,000 tons. She carries 629 men.

Vice Admiral Von Capelle, German minister of marine, announced in the reichstag on October 9 the discovery of a plot in the German navy. Dispatches from Amsterdam and London reported that the crews of four battleships of the German fleet had taken part in a mutinous outbreak at Wilhelmshaven. Three of the ring-leaders were shot, while seventy sentences were imposed on others. This outbreak was said to have occurred about six weeks earlier, or about the first of September. Admiral Von Capelle accused three radical socialist deputies of taking part in the plot, but the German government has not taken any action against the reichstag members.

WATERFRONT IS MENACED WITH ALIEN ENEMIES

Baltimore, Md., Nov. 2.—The waterfront along Locust Point and Canton is menaced with German alien enemies and Austrians, declared United States Marshal William Stockham.

The revelation of this condition was the most significant development in the probe into the cause of the blaze that wrecked two big piers of the Baltimore & Ohio railroad at Locust Point. Two suspects are held.

THE WEATHER
* East Texas—Saturday and Sunday fair; not much change in temperature.

BRAZILIANS ENGAGE IN ANTI-GERMAN RIOTS

Buenos Aires, Nov. 2.—A German uprising is in progress in southern Brazil. Complete paralysis of railroad traffic is a result, according to reports in railway circles here. The strike which is increasing in the district is said to be spreading into other parts of Brazil. It is reported that only the strictest military measures are making the movement of any trains possible.

The dispatches continue to report "serious disorders against the Germans" in southern Brazil, where there are large German colonies. Details as to these riots and the general situation is withheld by the censorship.

PREDICTS WAR TAXES YET UNDREAMED OF

Philadelphia, Nov. 2.—Federal taxes of a scope and variety as yet undreamed of, must be imposed to meet the stupendous war obligations of America, said Representative John J. Fitzgerald, New York, chairman of the house committee on appropriations, speaking here today.

Addressing a meeting under the auspices of the American Academy of Political and Social Science, Mr. Fitzgerald said: "Loans will not do. Bond issues cannot be made to meet the imperative requirements of the nation in this crisis without bringing about financial chaos in the next generation. America must awake and cease its wasteful and indefensible habits of life."

Mr. Fitzgerald said Great Britain was without fric of mrodisz ain was without fric or discomfort raising by taxaton 25 per cent more war funds than are now provided for in the emergency cal system of this country.

ABDUCTED BANK CASHIER, RELEASED, DETAILS EXPERIENCE

Glenwood, Ark., Nov. 2.—Three posses, searching for five bandits, who yesterday afternoon robbed the bank of Glenwood of \$7000 and abducted the cashier, K. E. Hallman, believed they had located the robbers in a wild section twenty miles southeast of Mena. The district is hilly and sparsely settled. The five bandits, all heavily armed, are believed to reside in that section of the state.

Hallman, who was released after the bandits had taken him thirty miles, today said that he had seen several of the men before, but did not know their names. Hallman said the men did not threaten him, but gave him about \$40 in small change which they said they did not want to carry. The \$7000 obtained by the robbers was in currency.

Food Saving Resisters Will Receive Attention

Dallas, Nov. 1, 1917.
W. A. Collins, Paris, Texas.
You are instructed by orders from Washington to keep a careful list with names and addresses of those refusing to sign the pledge card in your county and reasons therefore in order that in this time of national peril the enemies of the United States may be known. Please see that all of your workers are instructed in this particular immediately. Forward the above information to this office by mail as rapidly as it is obtained. Our district is very slow making returns. The question of the hour to all Americans is, are you a patriot or not? What will the answer be from Texas and your own county?
United States Food Administration,
J. R. Babcock, Campaign Manager.

3 HOUSTON RIOTERS WERE IDENTIFIED BY THEIR CAPTAIN

San Antonio, Nov. 2.—Positive identification of three negroes of the 24th Infantry, who participated in the riots at Houston, Aug. 23, which resulted in the death of 22 persons, was made this afternoon by Captain Hugo Shekerjian of the 24th Infantry who testified at the court martial trial of the 63 negroes charged with mutiny and rioting. The identification was made in connection with a detailed narrative of the events leading up to the rioting.

The three negroes positively identified are Corporal J. R. Hawkins, Corporal G. Rivers and Private Ira Davls. They were among the defendants in the room at the time.

Says Policeman Started the Trouble

The shooting up of Houston, according to Captain Shekerjian's testimony, was precipitated by the actions of Policeman Sparks of Houston in abusing Corporal Charles Baltimore of the 24th Infantry, when the policeman arrested him on the street in Houston in the afternoon preceding the attack at night.

At the time Baltimore was arrested, the captain testified, Baltimore was engaged in military police duty and wore an army police badge that was plainly visible to Sparks.

The trouble started, the captain testified, when Baltimore asked Sparks why he had arrested a negro man, a member of the 24th Infantry. Baltimore, according to Capt. Shekerjian, said Sparks "Cursed him" and told him that it was none of his business. Baltimore then told Sparks that he was on guard duty and would have to report to his company officer why the soldier was arrested. Sparks replied that he didn't have to tell "a nigger" what he arrested anyone for and hit Baltimore on the head twice with his pistol.

Told Rumor False But Anger Increased

Baltimore then ran down the street and into a house while Sparks fired three shots after him. Baltimore took refuge and er a bed, Sparks following and pulling him out and striking him twice more with his pistol. Baltimore was then taken to jail. Meantime, at Camp Logan, where the negroes were doing guard duty, the rumor that Baltimore had been shot and killed incensed the negroes, the captain testified, and when they were later told that Baltimore had not been killed their anger continued to increase and that night they went into Houston and shot up the town.

FIND LOOSENED RAIL ON TEXAS & PACIFIC WEST OF TERRELL

Terrell, Tex., Nov. 2.—Spikes for the full length of a rail were found pulled from the Texas & Pacific railway line near Lawrence, this morning just before a train reached the spot.

The claw bar with which the spikes were detached was stolen from a work shop not far distant. Railway officials are investigating.

EXPORTS OF FLOUR ONLY BY GOVERNMENT

New York, Nov. 2.—The milling division of the United States food administration announced tonight that effective immediately all direct trading by American millers, exporters and blenders of flour with European countries was prohibited. The business will be handled hereafter only by the food administration.

REAR ADMIRAL DIES AT GOOD OLD AGE

Washington, Nov. 2.—Rear Admiral David B. Harmony, U. S. N., retired, died today at his home in this city, aged 85 years.

GERMANS MOVING GUNS AND SUPPLIES INTO NORTHERN ITALY

Geneva, Nov. 2.—A dispatch from Lake Constance says that a fleet of Zeppelins left there for the Trentino front of the Austro-Italian theater.

Swiss soldiers on the Alpine heights on the front of Canton Grison report that since the Germans captured Udine the number of troop trains going toward Trent has doubled. The Swiss troops say that heavy artillery trains are passing and that the Germans make smoke curtains at exposed points to prevent the guns being counted by onlookers.

The Swiss soldiers declare that there is every evidence that the Germans were surprised by the success against the Italians but that they intend to take every advantage of the situation and are preparing to enter trench on the Tagliamento as they did in France on the Marne.

MEXICAN WOMAN'S DEATH CHARGED TO AMERICAN SOLDIERS

Juarez, Mex., Nov. 2.—An official protest against the alleged shooting of a Mexican woman at a point in this Rio Grande below the International bridge Thursday morning by American soldiers has been sent to Mexico City.

The woman's body was found by a cavalry patrol which reported that American soldiers of a patrol fired more than fifty shots across the river, killing the woman, who was the wife of a laborer who is believed to have been wading the river to avoid the payment of the \$8 head tax.

Killed By Stray Bullet
El Paso, Nov. 2.—American sentries fired on a band of six men who were seen crossing the river early Thursday morning from El Paso to Juarez. They were called on to halt, but continued to the Mexican side of the river and when they returned the patrol fired on them.

It is said here tonight that if a woman was killed she was struck by a stray bullet.

DEFENSE BOARD SAYS SOCIALISTS ARE MENACE

Chicago, Nov. 2.—The State Council of Defense, declaring a Socialist victory in next Tuesday's judicial elections would "give aid and comfort to Germany" today definitely aligned itself with the Democratic-Republican political coalition.

The Socialists candidates are taking their fight on the proposition that we have no right to resist the aggressions of Germany, declared Samuel Insull, chairman of the defense council.

"They are for an immediate and ignominious peace. The candidates are not making a campaign on the basis of their fitness for office. They are running as pro-Germans."

U. S. RIFLEMEN VS. TEUTONIC SNIPERS

TELEPHONE STRIKERS ON PACIFIC COAST GO BACK TO WORK

San Francisco, Nov. 2. Telegraphic orders were dispatched tonight to all points along the Pacific coast by the district council of the International Brotherhood of Electrical Workers, ordering all the members on strike to return to work pending the efforts of Verner Z. Reed, federal mediator, to effect a settlement of the strike of the employees of the Pacific Telephone and Telephone company.

Maybe This Explains Why They Returned

San Francisco, Nov. 2.—Government seizure and operation of the Pacific Telegraph and Telephone company was recommended by Verner Z. Reed in a telegram sent to Secretary of Labor Wilson today. Mr. Reed, the federal mediator in the telephone strike, acknowledged his failure to settle the strike which has completely disorganized the service in the Pacific northwest and threatened to spread into California.

SOLDIERS IN FRANCE JOIN IN MEMORIAL SERVICES FOR DEAD

With the American Army in France—(By Associated Press)—This is All Saints' Day which in France corresponds to Memorial Day of the United States. Our soldiers participated in various impressive services in memory of the dead soldiers of France.

In some of the towns where Americans alone are billeted, they decorated the graves of the fallen soldiers. Drivers of motor lorries carrying supplies to the American in the trenches today deposited flowers on the roadside graves of French soldiers who were buried where they fell in the earlier days of the war. Army chaplains conducted memorial services today in the historical hillside chapel near the home of Jeanne de Arc.

NO WAGNERIAN OPERA FOR N. Y. THIS WINTER

New York, Nov. 2.—The board of directors of the Metropolitan Opera company announced tonight that no performance of opera in German language would be given during the present season. This means that a number of German singers will be eliminated from the roll of artists in the company.

TELLS WHY CORN AND OTHER FOODS NOT EXPORTED

Washington, Nov. 2.—Reasons why American corn, potato-flour and other foodstuffs, which Herbert Hoover asks be substituted for wheat, are not shipped to the allies so that they make the necessary substitution, are given in a statement issued by the food administration today.

Attention is called to the fact that European nations already are using from twenty to fifty per cent of corn, potato and other adulterants in the manufacture of their daily bread. Corn meal, it is pointed out, cannot be shipped because it would spoil in transit.

With the American Army in France, Nov. 2.—Some of the American soldiers who just have been relieved after services in the trenches had thrilling stories to tell on returning to the billets. On clear days, especially, German snipers became active. Bullets went singing harmlessly overhead. American infantrymen were told to attend to any sniper who became active and more than one of them will snipe Americans no more.

This game of sniping the sniper was highly popular. The only complaint heard today was that there was not enough rifle shooting to satisfy the infantrymen. Several of the soldiers said they went out to fight but did not get enough. There is no scarcity of expert riflemen when a sniper starts in.

A colonel had an exciting experience when the Germans nearly got the range of an observation post in which he and his aid were stationed. They lost no time in taking temporary cover.

The artillery on both sides was rather more active during the last days in which the first contingent of Americans was in the trenches. The Germans shelled the back areas and approaches, putting shrapnel and high explosive shells in the direction of the trenches and battery positions.

Aside from livening up things for a while nothing was accomplished.

Lively For Infantry.

The infantry in one section had quite a lively time for two nights. The Germans, thinking a hostile patrol was near them, opened fire with their rifles, at the point where the opposing trenches are nearest. The Americans let the Germans fire for a time and then they themselves began to fire. Several German airplanes which flew over the trenches were targets for rifles and machine guns.

The morale of the Americans is distinctly pleasing to the French. The troops marched out of the trenches in the dark, their wet and muddy clothes clinging to them. As soon as they were out of hearing of the Germans the men swung along whistling or singing.

Officers of all the groups commented on the remarkably small amount of sickness which developed. There are some bad colds, but as far as reported there are less than half a dozen cases, including "trench feet" and pneumonia. An officer said the splendid physical condition of the men was responsible for this showing.

The battalions sent in to relieve the men who have just left the trenches, found the ground frozen when they came up. The sector remains normal, according to the latest reports available.

FOOT BALL GAMES IN TEXAS FRIDAY

At Fort Worth—T. C. U., 20; Southwestern 7.

COUNT APPOINTED AND WILL TAKE JOB

Berlin, via London, Nov. 2.—The Berlin newspapers without exception concede the appointment of Count von Hertling as German Imperial Chancellor and anticipate his acceptance of the position.

A WELL KNOWN FARMER VICTIM OF PNEUMONIA

John H. Weaver, an old resident and highly respected citizen and farmer of the Clardy community sixteen miles southeast of Paris, died at his home at 2 o'clock Thursday morning from pneumonia after an illness of a little more than a week. He had pneumonia two or three years ago and had been in declining health ever since. He was about seventy-two years old and had lived in Lamar county a long time. He farmed for several years in the Jennings community and then moved down to Clardy. He and his wife, who died about three years ago, were the parents of seven children, all of whom are still living, and all of whom are grown and married. They were all present at the funeral. The children are Mrs. Clem Cherry, Fred, Cal and Roy Weaver of Clardy, Mrs. James Murrell of Deport, Ernest Weaver, a merchant at Minter and Mrs. J. O. Anderson of Pattonville.

The deceased was held in high esteem by his friends and will be remembered by all of the old hunters and fishermen in Lamar county. He was very fond of hunting and used to take trips every year with Dr. W. W. Stell and W. B. Cheatham across the river. The funeral was held at Shady Grove Thursday afternoon and was conducted by Rev. Harry Thompson of Minter.

STOLEN AUTO WAS FOUND NEAR CLARKSVILLE

The garage at the home of S. D. Johnson on Clarksville street was entered Thursday night and his automobile was taken out and driven away. The garage was not locked and the burglar encountered no difficulty in getting it out. When Mr. Johnson discovered yesterday morning that it was missing he notified the sheriff's office and the police and word was telephoned to officers in different directions to be on the lookout for it. About 10 o'clock word was received from a deputy sheriff at Clarksville that the automobile had been recovered about a mile from that place.

No particulars were obtained as to the manner of its recovery. It was not learned whether it had been abandoned on the road, or whether any arrest was made. Mr. Johnson will either go over after it or send for it today. He said there wasn't much doubt in his mind that the man who stole Ernest Dement's motorcycle in West Paris was the man who took his automobile, as the motorcycle was found yesterday morning near his home.

HOME BURGLARIZED IN BROADWAY COMMUNITY

The home of J. H. Abbott, a tenant on the farm Mrs. T. F. Hearon near Broadway, was burglarized Thursday night. The door was left unlocked and the burglar had no trouble in gaining an entrance. He was rewarded by securing Mr. Abbott's pants, which were at the head of the bed, and getting \$20.34 from one of the pockets. The money was contained in a pocketbook, and yesterday morning the pants were found lying on the back porch and the purse was lying in the yard open and empty. Sheriff Clarkson was notified and made an investigation, but no clue was obtained. Mr. Abbott did not have any hired hand staying with or working for him, and he had no idea as to who could have taken his money.

A NAIL PUTS YOUNG CARPENTER'S EYE OUT

Trilby Hope, twenty years of age, a young carpenter, who is the son of a mope, met with an ugly accident yesterday morning at the compass, where he was employed on a job. While he was engaged in driving a nail in a piece of timber it flew out and struck him in the left eye, tearing the ball and seriously injuring it. He was taken at once to St. Joseph's infirmary and suffered a great deal from the injury. The doctors who made an examination of the eye stated that they could not yet determine whether the sight would be permanently destroyed, but they did not hold out much encouragement to hope for its restoration.

WAS BROUGHT TO TOWN AND ADJUDGED INSANE

An unfortunate young man twenty-three years old, who lived with his father south of town, was tried yesterday on a writ of lunacy and was adjudged insane. He had been showing signs of being mentally unbalanced for the past four years, but nothing had ever been done before to have his mental condition inquired into, as he was not considered dangerous, although he showed an obstinate disposition and an inclination to fight. He got mad in the cotton patch Thursday and tried to fight the other pickers. His father came to town and lodged the lunacy complaint. After being adjudged insane he was taken to the county farm to keep until a place can be provided for him.

COMPLAINT CHANGED TO AGGRAVATED ASSAULT

A complaint was drawn up in the county attorney's office yesterday against J. L. Stanley, a Delta county farmer who lives near Enloe, charging him with aggravated assault. The complaint is the result of an accident which occurred a short distance south of Paris a few Saturday nights ago while Earl Smith, the rural mail carrier at Atlas, and his wife and daughter were returning home from town in a wagon. A man said to have been the defendant, who was driving in an automobile, ran into the wagon and crippled one of the team and slightly injured Mrs. Smith and child. Mr. Stanley was at first arrested on a charge of assault to murder under the new automobile law, but it was decided that a charge of aggravated assault would come nearer being made to stick.

DEFAULTING WITNESSES CAUSE CASE CONTINUED

The murder case of M. E. Etheridge was called in the district court yesterday and a special venire was on hand, but a continuance of the case did away with using any of them for a jury. The continuance was granted at the instance of the defense on account of the absence of witnesses. The names of a dozen or more were called, but all of them with the exception of a very few failed to respond. The defendant is charged with the murder of John Bowling, who was found lying dead at the side of the Texas & Pacific railroad track with his throat cut. The difficulty in which he received the wounds in the throat was said to have occurred at the defendant's house. The dead man formerly lived at Bogata.

STRANGERS PICKED COTTON 20 MINUTES

A visitor from Blossom yesterday stated that three transient fellows blew into that town last Wednesday and after lying around awhile they engaged to pick cotton on a farm a short distance from town, but after going to the field and picking about twenty minutes they walked out without giving an excuse for quitting and returned to town. This was the night that Mayor Hooper's and J. A. Brewer's stores were burglarized, and there is a strong impression that the transient strangers had something to do with the burglaries, especially as they have not been seen since. They are also supposed to have taken C. P. King's automobile, which had to be abandoned on the road, on account of the motor power giving out.

WANTED AT PECAN GAP ON A FELONY CHARGE

Sheriff Eb Clarkson and Deputy Sheriff O. V. McDonald made a trip to Direct late Thursday night and arrested a young man who was said to be wanted in Delta county on a

BELL-ANS

refund money if it fails. 25c

felony charge. The young man was visiting relatives near Direct. The arrest was made at the request of Constable Hammett of Pecan Gap, and it is understood that he is charged with committing a burglary at that place. The sheriff and deputy brought him back to Paris and notified Constable Hammett to come after him.

DELIVERED AN ADDRESS ON FOOD CONSERVATION

Recently while Hon. B. B. Sturgeon was in Hugo on legal business a committee of citizens waited on him and asked him to stay over in town that night and deliver an address on the far reaching influence of the nationwide food conservation that the government is now putting on.

The Hugo Husonian in speaking of the speech says it was a masterful effort and had a wonderful effect in helping the local committee getting the knowledge of what the conservation is before the people.

The meeting terminated in a very patriotic manner and many went forward and expressed their appreciation of the speaker and signed pledge cards that were handed them.

KEEP LOOKING YOUNG

It's Easy--If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young--to do this you must keep your liver and bowels--there's a need of having a sallow complexion--dark rings under your eyes--pimples--a bilious look in your face--dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that emerald green of spirit, that natural buoyancy which should be enjoyed by everyone, by keeping up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by the olive color. 10c and 25c per box. All druggists.

YESTERDAY'S SCORE: HUGO 20; PARIS 0

The P. H. S. squad met defeat at the hands of the fast Hugo eleven yesterday by a score of 20 to 0. This was one of the most spirited and hotly contested games seen on the local gridiron in several seasons. The Paris boys showed better form than in any of the previous games of the season. There was a fine crowd of High School and ward school students. One of the startling features of the day was that there were actually five or six business men of this worthy city present while there were at least a dozen Hugo men and about twenty Hugo High School students in attendance.

The stars of the game were the Hugo quarterback and right end and for Paris Bodie Jones, Bozeman, Monroe, Bill Moorman and Tom Turner. High School Press Com.

Navy Christmas Mail

The navy recruiting office has received instructions regarding Christmas mail and it is urged that this be read by everyone who wishes to have mail delivered by Christmas morning. Without the fullest cooperation on the part of the public it will be impossible to accomplish this result. The families and friends of enlisted men are urged to observe the rules adopted by the Navy, War and Postoffice departments, particularly in three essential respects.

Mail to reach sailors and soldiers by Christmas must be mailed not later than November 15th.

Every package must bear conspicuously the words "Christmas Mail," the complete address of the person for whom it is intended and in the upper left hand corner the address of the sender.

Every package must be wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to European waters which was not the postmaster's certificate that it contains no prohibited articles.

All mail for men serving on board vessels in the European waters should be addressed to the U. S. S. care of Postmaster, New York, N. Y.

Any further information will be gladly given on application at the navy recruiting office in the First National bank building.

Methodist Protestant Church

Next Sunday will be the last Sunday of this pastoral year, and the pastor desires very much to have every member present. Services at 11 and 7:15. Sunday school at 9:45. T. L. Garrison, pastor.

We recharge all makes of storage batteries and sell all good kinds. Motorists are invited to talk it over with us before incurring expense which perhaps may not be necessary.

CASUALTY LIST ON FINLAND

Washington, Nov. 2.—Eight men are dead and another is missing as the result of the recent torpedoing of the homeward-bound transport Finland by a German submarine. The navy and war department were so advised today by official cables.

Two of the dead and the missing man were members of the naval armed guard and two were army men, a private and a negro transport worker. The others lost were civilian members of the Finland's crew.

The casualty list was announced as follows:

Members of the naval gun crew: Jas. W. Henry, seaman, second class, dead. Next of kin, Rose Henry, 43 Reynolds street, Harrison, N. J.

Newton R. Head, seaman, dead. Next of kin, not given. Home address, Cleveland, Ga.

Porter Hilton, seaman, second class, missing. Mother, Mrs. Lizzie Hilton, Toccoa, Ga.

Army: Private Lester Hickey, infantry, drowned. Father, Thomas Hickey, 142 North Racine avenue, Chicago.

Charles H. Maxwell, colored, transport worker, battalion, drowned. Brother, Thomas Maxwell, Box 278, Concord, N. C.

Members of Finland's crew: M. Cardozo, fireman, drowned, no emergency address.

J. Janesko, barber, drowned, no emergency address.

W. F. Phillips, waiter, drowned. Brother, A. Phillips, Jackson Barracks, New Orleans.

Jose Cuevas, mess boy, probably died from injuries. Father, M. Cuevas, Havana, Cuba.

FIVE YEARS FOR BEAUPRE

Waxahatche, Texas, Nov. 2.—For the second time since 1901 Ollie Beaupre Friday morning heard a jury pronounce him guilty of a charge of murdering his wife in Dallas with a hammer.

The jury assessed his punishment at five years in the penitentiary. The defendant appeared very nervous as he was led from the courtroom to the jail. At a previous trial Beaupre was given twenty-five years. On his first trial the jury failed to agree.

LOCAL NEWS

The motorcycle belonging to Ernest Dement, which was stolen from a shed in the back yard at the home of Mrs. C. R. Carlton Thursday night, was found yesterday morning on Thirtieth street, between Clarksville and Lamar avenue, where it had been abandoned.

There was an incipient fire Thursday evening at Crowley's gin at Atlas, in which a bale belonging to Jim McClellan was badly damaged, but the gin was not hurt.

Albert H. Bryan and ten others left Paris Thursday for Harriman, Tenn., to attend the national convention of the Church of God in Christ.

Dr. T. W. Buford of Minter telephoned yesterday morning to Dr. J. C. White, county health officer, that he had two mild cases of smallpox in his practice at Rockford. He stated that he had the patients isolated, and that there was no danger of the disease spreading.

Clarence Sperry is in receipt of a letter from his son, Leslie, who is at the Great Lakes Naval Training station, in which he says that he has just finished the training course and that he was going straight to a transport, which means that he expects to go to France.

The last gin report furnished to the government by C. O. Crook shows that up to Oct. 18th there had been 37,574 bales ginned in Lamar county as against 55,352 bales for the corresponding date last year.

The dry cool weather of the past several days is said to have been ideal for saving meat, and a number of country people have killed one or two hogs.

Will Cross and son of Clardy are both very ill with typhoid fever.

Rev. F. C. Adams of Sumner informs The News that J. G. Camp of Atlanta, Ga., will speak at Arthur City at 11 o'clock tomorrow morning; at Forest Chapel at 3 o'clock in the afternoon, and at Sumner at 7:30 o'clock at night on the subject of prohibition.

The Oxford school, south of Brookston, will begin next Monday with Miss Rosa Dunlap as teacher.

Mrs. R. L. Hardin, the mother of Chas. H. Hardin, a well known stockman and farmer near Petty, died a few days ago at the home of her son. She was eighty-three years old and was born in Alabama. She came to Texas thirty-five years ago. Besides the son with whom she made her home two other sons, J. W. Hardin of Honey Grove and Robert Hardin of Cleburne, and one daughter, Mrs. A. E. McCullough of Dallas survive her.

Dr. O. W. Robinson of Biardtown telephoned yesterday to Dr. J. C. White, county health officer, that there was a family on the Sulphur below Rockford every member of which had the smallpox, but that it was in a mild form.

A number of housekeepers who decline to sign the Hoover pledge to help in the conservation of food came forward yesterday and signed it, explaining that their refusal to sign in the first instance was due to a misunderstanding.

A meeting of the wholesale grocers and retail grocers of the city was held Thursday night in the office of the Paris Grocer company to talk over business in regard to the conservation of food and the best way to help the government.

Several stores at Pecan Gap were burglarized a few nights ago and all of the money that was left in the cash drawers was taken and a few pocketknives, watches and canned goods.

The Hugo Husonian reports the arrest of two Choctaw county young men on the charge of violating the white slave law. It was claimed they brought three girls from Hugo to Paris for immoral purposes. The defendants had an examining trial before United States Commissioner Humphrey, who fixed the bond of one of them at \$2,000 and the other at \$1,000 for their appearance in the federal court. Three young women were government witnesses in the case.

Mrs. Lula Freeman, the wife of C. C. Freeman, who lives seven miles northeast of town, died Wednesday night. The funeral was held at Providence Thursday afternoon and was conducted by Rev. J. O. Sisson.

Mrs. Lydia Crowley Wall, sister of J. C. Crowley, living near Atlas, died at the home of her brother Thursday night. The funeral was held yesterday afternoon at the Crowley graveyard.

The friends of a lawyer in Paris and of the wife of a banker are enjoying a smile at their expense because they exercised the forethought to lay in a supply of postage stamps before the three-cent rate went into effect.

Butler Cockerham and Miss Mary Welch, from Emberson, were married by Justice of the Peace Jay Hall

in the county clerk's office yesterday afternoon.

Some of the members of the Hugo football team made the trip to Paris yesterday in an automobile. They got in the ditch near Hinkley, but didn't get hurt nor damage the automobile.

W. L. Gilliam of Chicota, who spent last night in town, stated that Red river was as low as he had known it any time within the past twenty-five years, and that the ferry-men have been experiencing considerable trouble on account of low water.

Today is regular court day at Tipton and there will be both a civil and misdemeanor docket to dispose of.

I was thought that nearly all of the rats in town were consumed in the big fire last year and that the putting in of concrete floors in the new buildings erected after the fire would prevent them from ever getting a start again. It is said, however, that they are gnawing their way through concrete floors and are beginning to find their way in several buildings. There were seven killed in the basement of a building on the plaza this week. The rats are said to have peculiarly long tails.

Another Patient to Austin

Last week The Times told of a mad dog biting the little daughter of M. M. Chappell, who resides west of town, also injuring several geese belonging to E. T. Medsker. Mrs. Medsker, who had several sores on her hands, attempted to bind up their wounds, and in doing so infected the sores. Fearing the results she left immediately for the Pasteur Institute at Austin to take the treatment. The management of the Institute informed her she had done the right thing, as the infection of the sores would have been fatal. The child, who was bitten on the cheek, is in a serious condition. The wound has become infected, and the bite being near the brain makes the serum treatment severe. D. H. Chappell, grandfather of the child, says he will kill every stray dog that comes upon his premises.—Deport Times.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, colds of the chest (it often prevents pneumonia).

IN THE BILLION DOLLAR CLASS

—Based upon present prices, the value of Texas farm crops will exceed this year \$600,000,000.

—There is more money in circulation in Texas than has ever been known in her history.

—People are buying now many things they have long wanted—and luxuries are rapidly becoming necessities under the influence of ready cash.

—But suppose YOU give up the "unnecessaries" of life, and BUILD THAT HOME YOU HAVE LONG NEEDED.

—Lumber is cheaper today than it will be for many years to come, because material has not advanced in proportion to other values.

—And for a nice, clean stock of lumber at fair prices, ours is at your service, EVERY DAY YOU WAIT YOU LOSE MONEY. Come in and let us show you.

PREPARE FOR

Thanksgiving Aladdin Aluminum Sold Only In This Store

Just as the Aladdin breakfast group makes breakfast-getting a delight and the baking set makes baking easier—so each individual Aladdin utensil performs its task with the least possible effort on the part of the user.

It's because Aladdin utensils are different. And when we speak of Aladdin quality we mean everything that has contributed to make Aladdin utensils different.

Materials and workmanship are of course important factors—but Aladdin quality has a higher standard still. The utensil that bears the Aladdin trade mark is built to last, to look well, and to work with. It is substantial, graceful and practical. These are the standards from which Aladdin quality is measured. These are the things which make Aladdin utensils different.

Aladdin utensils are substantial because they are made of dense, hard aluminum—the kind that wears and wears—the kind that stays in your kitchen for years.

One look at the utensils will convince you that Aladdin utensils are graceful. All of them are evenly proportioned—and in perfect balance. Every one of them has easy graceful lines which make them just as ornamental as they are useful.

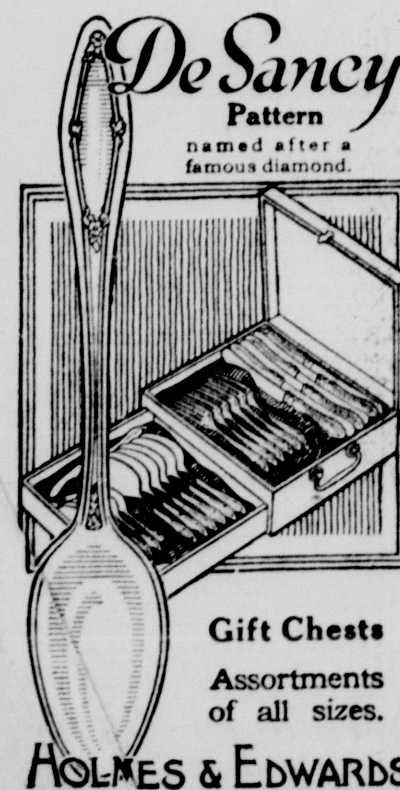

Aladdin utensils are practical. Most of them were designed by women for women and have practical features too numerous to mention. Here are just a few little practical refinements which you'll find on Aladdin ware:—lips on the sauce-pan that are perfectly shaped for pouring; rounded handles that fit easily in the hand; exact capacities—measured by government standards; rivets sunk flush with the walls of the vessel so food can't lodge in them. These are only a few practical features—but they illustrate what we mean when we say that every Aladdin utensil is a practical utensil.

Examine them yourself—and then see if you don't agree with us that Aladdin Utensils are different—and that the difference is all in your favor.

LEADER QUILTS AS ORCHESTRA PLAYS NATIONAL AIR

Boston, Mass., Nov. 2.—Dr. Karl Muck, after leading the Boston Symphony Orchestra in playing "The Star-Spangled Banner" in a concert in Symphony Hall here this afternoon, resigned immediately.

According to the best information, his resignation has not yet been accepted by Major Henry L. Higginson, founder of the orchestra.

The resignation of Dr. Muck brought to a dramatic climax an ever-growing country-wide wave of resentment against exclusion of the national anthem from the orchestra's concerts.

When the big audience assembled for the concert this afternoon the first note of impending events came with the announcement at the bottom of the programs that the national anthem would be played at the end of the concert.

In the middle of the concert, following one of the numbers, Major Higginson appeared on the stage and addressed the audience. An expectant hush fell over the assembly.

The founder of the orchestra said the "Star-Spangled Banner" would be played as the closing number. Then he announced that Dr. Muck had handed in his resignation. Major Higginson declared Dr. Muck never had refused to play the national anthem.

JUDGE EUGENE MARSHALL DIES AT BALTIMORE

Dallas, Nov. 2.—Judge Eugene Marshall, prominent Dallas lawyer, died today at Baltimore, Md., according to advices received by relatives this afternoon.

Judge Marshall had been in bad health for several weeks. About five weeks ago he went to Baltimore and entered Johns Hopkins Hospital for surgical treatment.

The funeral arrangements have not yet been made. The body will be brought to Dallas for burial, probably arriving here Sunday.

Eugene Marshall was prominent throughout North Texas, especially among the members of the bar. He served as referee in bankruptcy for the Northern District of Texas for many years. He formerly was United States district attorney here. He came to Dallas in 1885.

THERE IS WORK FOR EVERY WILLING MAN OR WOMAN

Question Is, Are You Able to Do It?

There is a shortage of men and women in every line of work. Each year vacancies occur and these vacancies must be filled with people possessing good health and able to fill the bill.

It is a certainty that any man or woman in good health is able to. This message is really intended for those who are creeping around with tired, lazy bodies and languid brains unable to stand long hours and whose minds fall flat at the psychological moment.

Don't you want to go about your work with a "fatigue-proof" body and a keen mind? Don't you want to know that there is rich blood surging through your system and spurring you on to accomplish big tasks.

You can't do it with an inactive liver! You can't do it with a "poor blood supply." You can't do it by dragging around a lazy body!

Rejuvenate your whole system with something to correct these complaints. You are not so burdened with this that you are past the stage for relief. Pep Systemic Pills will make your liver active and furnish you with rich, red blood. It will put a twinkle in your eye and obliterate the sallowness on your face. It will so change you that the mind will once again become keen and aid you to tackle big things and accomplish them in one-third less time.

Constipation, stomach trouble, nervousness, sleeplessness, malaria and a ragged out body can be relieved by taking a course of the pills today.

For sale by R. J. Murphy Drug Store and other live druggists.

ALLIED POWERS MUST COME TO AID OF SLAVS

Petrograd, Thursday, Nov. 1.—Russia is worn out by the strain of war and must have help, Premier Kerensky told the Associated Press today. He said that Russia claims as her right that the other allies now shoulder the burden which she has borne.

Russia, the premier declared, has been fighting eighteen months longer than England, and Russia has fought her battles alone and is fighting alone.

The world must not lose faith in the Russian revolution, because it is an economic one. No one, the premier added, has the right to feel disillusioned about it, as it takes years to develop a stable government.

America's most useful way of helping Russia is in sending boots, leather, iron and money. Premier Kerensky said it would be impossible for the United States to send troops because the difficulties of transport would be too great.

Not Out of War
Russia is not out of the war, Premier Kerensky said in answer to reports to the contrary.

Russia has fought consistently since the beginning. She saved France and England from disaster early in the war. She is now worn out by the strain and claims as her right that the allies now shoulder the burden.

Thus Premier Kerensky explained Russia's position to the correspondent. The premier was seated in the library of the former private offices of the emperor in the winter palace. The correspondent called attention to widely contradictory reports on Russian conditions and asked the premier for a frank statement of the facts.

"It has been said by travelers returning from England and elsewhere to America that opinion among the people, not officially, but generally, is that Russia virtually is out of the war," it was explained.

"Is Russia out of the war?" Premier Kerensky laughed. "That," he answered, "is a ridiculous question. Russia is taking an enormous part in the war. Russia began the war for the allies. When she was already fighting England only was preparing and America only was observing."

"Russia at the beginning bore the whole burden of the fighting thereby saving Great Britain and France. People who say she is out of the war must have short memories. We have fought since the beginning and they must take the heaviest part of the burden on their shoulders."

"At present Russian public opinion is agitated greatly by the question: 'Where is the great British fleet now that the German fleet is out in the Baltic?'"

"Russia," the premier repeated "is worn out. She has been fighting one and a half years longer than England."

"Could an American army be of use if sent to Russia?"

"It would be impossible to send one," said Kerensky. "It is a question of transport. The difficulties are too great."

Want Supplies From U. S.

"If America cannot send troops what would be the most useful way for her to help Russia?"

"Have her send boots, leather, iron and"—the premier added emphatically—"money."

Premier Kerensky drew attention to the fact that Russia has fought her battles alone.

"Russia has fought alone—is fighting alone," Kerensky said. "France has had England to help her from the start and now America has come in."

The premier was asked regarding the morale of the Russian people and the Russian army. He answered: "The masses are worn out economically. The disorganized state of life in general has had a psychological effect on the people. They doubt the possibility of the attainment of their hopes."

"What is the lesson to the democracies of the world of Russian revolution?"

Can't Picture the Future
"This," Premier Kerensky replied, "is for them to find out. They must not lose faith in the Russian revolution because it is not a political revolution but an economic one and a revolution of facts. The Russian revolution is only seven months old. No one has the right to feel disillusioned about it. It will take years to develop."

"In France which is only as large as three Russian departments (states), it took five years for their revolution to develop fully."

Asked what he expected from the

constituent assembly the premier said:

"The constituent assembly begins a new chapter in the history of the revolution. Its voice certainly will be the most important factor in the future of Russia."

"What future do you picture for Russia after the war?"

"No one can draw any real picture of the future," Kerensky said. "Naturally a man who really loves his country will hope for all good things but that is only his viewpoint which may or may not be accepted by others."

HOLD NEGRO DOCTOR FOR SELLING DRUG TO YOUNG WHITE WOMEN

Dallas, Nov. 2.—After carefully laying plans whereby money was marked and every precaution made in order to avoid a mistake, Detectives Ernest DeWitt, John Blanton, Frank Smith with federal officers Thursday night raided the home of an East Dallas negro doctor where the officers claim several white girls have been visiting in order to get narcotic drugs.

The house was surrounded and a sixteen year old white girl was sent into the doctors home. She remained inside several minutes while the officers peered through windows and watched every exit. When the girl came out she had twenty morphine tablets which she admitted she purchased with a \$5 bill.

According to the officers they gave her the bill. They marked the bill by perforating it with pins and filling the pin holes with red ink and then making several drawings on the back of the bill. When the officers rushed into the house the negro doctor declared that he had not sold the girl anything. When searched he had the \$5 bill in his pocket and according to the officers he said he had carried the bill for several days. Later they told him about marking the bill and they say the doctor then admitted making the sale, but added, "I thought she was going to the country."

For several months officers have known that young white women have been securing narcotic drugs in Dallas from negroes, but for some time they have been unable to trace the girls to where they made the purchases. The officers now believe they have found the source of the supply and other arrests may soon be made.

Some of the drug victims have been taken to the police station on different occasions in a critical condition but they would never tell from whom the purchases were made. Several persons have been made physical wrecks in the past few months and even with the stringent laws in effect the officers knew that a good business was being done by some one in Dallas.

WAR LIBRARY COUNCIL FORMED IN PARIS

In response to the call of Mrs. S. J. Wright, local campaign director, there was a meeting of citizens at Chamber of Commerce yesterday afternoon to form a local branch of the War Library Council and raise funds for Paris' proportion, which is \$1000, and a part of the million dollar fund that will be necessary.

Mrs. Wright explained the purpose of the meeting and was followed by Prof. Dohoney. A Library War Council of ten members was formed to carry on the campaign which is to cover three days—next Tuesday to Thursday—provided for by call of President Wilson. This council is composed of Rev. W. B. Kendall, Prof. J. G. Wooten, Tom M. Scott, Henry P. Mayer, Mesdames B. P. Bailey, S. B. McLong, B. B. Sturgeon, J. F. McReynolds, Robert Hurt and R. L. Bennett. Mrs. Bennett was elected secretary, Mrs. McGlasson treasurer and Prof. Dohoney publicity director. A meeting of the council will be held at the Chamber of Commerce at 3:30 to perfect plans.

SIGNING FOOD CARDS IS QUITE POPULAR

President Collins of Chamber of Commerce, chairman of the Lamar County Food Control, was kept busy yesterday answering telephone calls and seeing in person the numerous people who, after reading the government's "hint" in The News decided that there might be something in food conservation after all. Many additional cards were signed and there will be many more, as the people discover that this is not a fad or a joke but a real part of the war work and one that will be enforced.

If you have not yet signed a Hoover card, better do so today and save your face, at least. And if you are still determined to not sign one, better keep still about it as talk in opposition to it is not going to sound very well in Texas.

ASK CITY FOR MAN TO BURN THE GRASS

People who have vacant lots or yards on which there is long grass which they wish to burn can have same done safely by ringing the city hall and asking that the fire department oversee the work. Chief Hoover will send out a man and a piece of apparatus to make safe the property adjoining.

In this connection it is asked that when there is a grass fire and it is thought the fire department is needed the person turning in the alarm is asked to say that it is a grass fire so that the whole apparatus will not be called out to where it is not needed. In case of grass fire tell central what it is and she will turn in a still alarm.

Y. M. C. A. WAR WORK ENDORSED BY C. C.

Committee reports were heard at last night's meeting of the Chamber of Commerce, showing considerable activity during the past month, a large part of which was in connection with the Liberty Loan.

Mrs. Wright addressed the Chamber in behalf of the War Library fund and her request for assistance was referred to Finance committee.

Mr. McCaffree of the Y. M. C. A. presented the claims of that organization and asked for the co-operation of the Chamber in securing the \$3000 which is Lamar county's share of the fund to be raised to conduct this great work among the soldiers. Several members spoke favorably of the movement and the matter was referred to the directors of the Paris Y. M. C. A. with the assurance that any member of the Chamber called on will aid the campaign which will be put on November 11 to 17.

Next to the Red Cross this is the most important work that our people are called on to support and that there will be a liberal response in Lamar county is assured. Every parent who has a son, every person who has a relative in the army should help in this cause, as should those who have neither, kith or kin in the ranks, because they can in this way be doing their part.

**The Business
Conscience**

Some people think that business is the art of getting money as fast as you can and as much as you can. Those people also think that a Conscience has no being in Business. But we don't.

We think that the Business without a Conscience will never achieve Success. To treat our customers fairly—to mark our goods at one price (in plain figures), fair and equitable to us both—to never hold questionable sales—to ask only the confidence from our patrons which our dealings merit—to seek only the best in merchandise and to live up to every advertisement printed over our name—these are the dictates of our Business Conscience, and these are the high principles that have given us our present high position in the jewelry trade.

Gem Hot Blast Stoves Are Cleaner

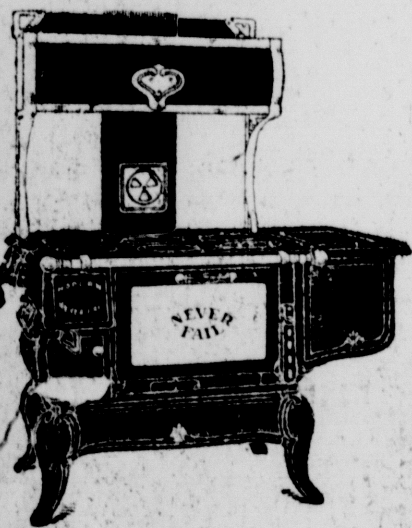

Yes they are cleaner because the Feed Door is conveniently located on the front opening down which catches all the coal that falls out of your scuttle when refilling the stove.

The Draft Feed under the door keeps it from smoking when the door is opened.

This stove has a balled ash pan making it easy to remove the ashes. You seldom find this feature on a Hot Blast Stove.

Grate has large clearance making it antilinker. Bronze urn and all nickel pans are removable.

A sanitary stove in every particular. Better let us put yours up before cold weather. Be prepared.

ATTEMPTED TO EXTORT MONEY FROM FORD VAIN

Detroit, Mich., Nov. 2.—Ten thousand dollars, or the life of Henry Ford II, son of Mr. and Mrs. Edsel Ford, were the demands voiced in a threatening letter received last Monday by the father of the child.

This was revealed today with the announcement of the arrest of a man who sent a messenger boy to the general delivery department of the postoffice for a parcel supposed to contain the money.

Signed "Sidhan Anarchist Association," the letter declared ten men had been sworn to the task of taking the life of the motor king's grandson if the money was not forthcoming.

The letter demanded that the money be sent to "Gus Adams," General Delivery, so that it would be in the postoffice Thursday morning. Arrest of a messenger calling for the package led to the arrest of the man who, it was claimed, had sent him. This man declared he was delegated by another man, but failed to reveal anything satisfactory during three hours of cross-examination.

AUTO VICTIM'S BODY CARRIED HOME IN HER FATHER'S HEARSE

McKinney, Texas, Nov. 2.—The last earthly journey of the body of Mrs. M. J. Burton, killed in the automobile accident on the Dallas-Fort Worth pike Thursday night, will be taken in her father's automobile hearse. It was driven to Fort Worth early Friday. The remains of the dead woman will be brought to McKinney. Funeral services will be held here Saturday afternoon. No hour had been set late Friday afternoon, however.

Sam J. Massie, Mrs. Burton's father, is a city commissioner here. He is also in the undertaking business. When news came of his daughter's death early Friday morning, he immediately left for Fort Worth in an automobile. He left orders, however, for the motor hearse to follow immediately. Accordingly it was driven over early Friday.

REFUSES TO RIDE IN HEARSE WHICH RAN OVER HIM

Dallas, Texas, Nov. 2.—A hearse belonging to the People's Undertaking Company ran over Jack Hessie, 2115 Live Oak street, at Pearl and Elm streets Thursday night.

"I'll be back in a minute and pick you up," the driver of the hearse is alleged to have said as Hessie lay in the street.

"You needn't mind, I am not going to die," Hessie shouted back.

Bystanders rushed Hessie to the emergency hospital where he received treatment for several severe cuts and bruises.

MADMAN ATTACKS NEW YORK WOMEN ON STREET; FOUR HURT

New York, Nov. 2.—Four young women were slashed in the noon-time crowds on Broadway in the financial district here today with a potato knife by Antoni Karasinski, a Pole, who, arrested after a struggle, told the police a rambling story of being bothered for twelve years by women, against whom he decided to avenge himself.

He said he had complained Washington in a letter asking to have the annoyance stopped, but getting no answer, determined to take the matter into his own hands.

Heartburn, heaviness in the stomach, bloated feeling, coated tongue, bad breath, dizziness and vertigo (blind staggers), quickly relieved by Prickly Ash Bitters. People who have used it say they can eat heartily without misery when before they tried it the most beautiful food seemed to get them out of it. Price \$1.25 per bottle. R. J. Murphy, special agent.

COLIC CURE WITH A KICK FURNISHES FIRST DRUNK

Dallas, Texas, Nov. 2.—The expected has happened.

Friday at noon the first "patent medicine drunk" was taken in charge by Police Officers Preston and Plant. A woman who admitted she had drunk a bottle of "colic cure" for the purpose of getting a "real effect" was found "down and out" on Cabell street.

When Dallas went dry two weeks ago the police began to figure on a certain number of patent medicine drunks. The first came today.

WANT SALOONS IN McLENNAN TO GET EXTENSION

Waco, Tex., Nov. 2.—When county commissioners meet in special session tomorrow morning to canvass returns of the recent prohibition election in McLennan county, in which the pros won by a majority of 1,264, an effort will be made to have saloons in the county remain open until Jan. 1, 1918.

County Judge J. P. Alexander announced soon after the election that he favors having the saloons closed on the night of Dec. 1.

NOV. 5-7 ARE WAR LIBRARY FUND DAYS

Austin, Tex., Nov. 2.—Governor Hobby today issued a proclamation officially designating Nov. 5-7 as war library fund days in Texas, and the citizens of Texas are urged to give their assistance in the patriotic efforts of those who are conducting this work, "not limiting their efforts to these three days, but during which particular period all energies shall be exerted to help Texas do its share" in raising part of the \$1,000,000 library fund for the soldiers.

Now Is a Good Time To Treat Your Catarrh

Mild weather aid treatment. Don't be misled into thinking that your Catarrh is gone. The first touch of winter weather will bring it back with all its discomforts.

But this is an excellent time to thoroughly cleanse the blood of the germs of Catarrh, and be forever rid of the troublesome sprays and douches that can never cure you.

S. S. S., the great blood purifier, searches out the germs of Catarrh.

which infect your blood, and chases them entirely out of your system. It is by far the most satisfactory treatment for the disease, because it reaches down to its very roots and gets at the cause. Write to-day for full information, and expert medical advice regarding the treatment of your own case. Take advantage of this chance to-day. Address Swift Specific Co., Dept. G Atlanta, Ga.

The man with money keeps it in the Bank where it is safe from fire or burglars or his own extravagance.

When you carry your money in your pocket the temptations and chances to spend it are very great. Greater than you think, for a few dollars here and there to borrowers and for things you don't actually need, soon melt your pile away.

Put your money in the Bank. It is safe there. Add to your balance every cent you can spare. Soon you'll be "a man with money."

Put YOUR money in OUR bank.

KNITTING WANTED FOR TEXAS TROOPS

The following letter will explain itself:

Dear Madam Chairman:

A very urgent call has come for four hundred and fifty-six helmets, socks and abdominal bands for our own Texas boys in New Jersey in the Rainbow Division. They will no doubt sail very soon. If we delay, they will suffer.

Will you organize knitting detachments at once and pledge a certain number of these garments to be sent to me within two weeks to be forwarded immediately?

Very sincerely,
MRS. W. B. SHARP,
State Chairman, Natl. League Woman's Service.

If there are women in Paris who will knit, or donate material, for one or more of these articles, within the specified time, please telephone me at once. Phone 45.

Mrs. Skinner, Local Chairman.
